To Whom It May Concern:

RE: Refined Image Landscaping, Jeff Lenting

We have had Jeff as our company landscaper for over four years. We have found Jeff to be a very helpful, talented person that will do whatever needs to be done.

He has assisted us with the design of our front lawn and has made very helpful suggestions to improve the health of our lawn.

He is a good worker and his team of employees work as hard as he does, and his pride of workmanship shows. He is very consistent with the quality of his weekly tasks and we have not had any complaints with his workmanship.

Refined Image would be a valuable asset to any company that hires him and we wish him much success.

Yours truly,

PRECISION SURFACE TECHNOLOGIES INC.
